

Broad Spectrum Treatments

Bone/Osteo Regeneration: A programme to treat Gout, Arthritis and Osteoporosis, in these illnesses the bone structure is being destroyed and you therefore need to use bone regeneration as well as calcium metabolism. Use Bone Regeneration if you have broken any bones, its excellent with the circulation programme and use the ozone machine with bagging at the same time. It improves circulation and you get additional oxygen to the area.

Cancer (Basic set): A programme that includes the Basic Cancer destroying frequencies. We have wide range of frequencies for the different types of Cancer, have a look at our Main and User/own lists. When you are using cancer treatments it is very important to use detox as well as a variety of other treatments – contact us so we can work out a specific treatment regime for you.

Circulation and Lymph Drainage: A programme to address High blood pressure, Swelling, Low blood sugar, Oedema and general Circulatory problems. It is excellent for Diabetic people. It also helps the Lymphatic System to remove toxins from your Body. We usually suggest to use the detox regime as well to help carry the toxins out of the body. Don't forget to use the liver and kidney support/tonic when you are using the detox programme.

CFS/Chronic Fatigue Syndrome: A Programme to address the causes of Chronic Fatigue and lack of Energy. Most of the time you have a variety of viruses and bacteria's that's attacking the body. Coxsackie is usually one of the culprits. Have a bacterial and pathogen scan, to determine which of the pathogens are causing your chronic fatigue. Our group list are loaded with an Energy surge group which addresses this problem.

Detox: This programme will help to clean your Kidney and the Liver, from heavy metals, pollutants, chemicals, pesticides, as well as your Lymphatic System. *The Detox treatment should be repeated at least once a Month. When you do a Quantum 620 scan we can tell you the various types of metals and pesticides that is in the body. Making it easier to treat and detox yourself.*

Fungus and Moulds: A programme that addresses problems such as Candida Albicans, Sinusitis, Vitiligo, Feet Problems (fungus). There is also lots of evidence that cancer people also have fungus and moulds invasion. Which makes this important for cancer treatment. We also have a wonderful Stubborn sinusitis programme, for those who suffer from sinusitis and allergies.

Infections and Inflammation: These programmes address the common pathogens that cause Infections or inflammations. Treat any ailment that is described with the medical terminology suffix as an "-itis". Such as: Tonsillitis, Bronchitis, Sinusitis, Laryngitis etc, with Infections Main. Our Infections main treatment on the user list is excellent as a maintenance programme, even if you are not sick, it's good for preventing illness. The Inflammation general is on our Main list.

Neuro: The programme features frequencies that relates to the Neurological System, as well as the frequencies that treat Pain, used for Depression, Relaxation, Anxiety, stress as well as an Energy Boost. Also use the Alpha, Beta and Theta programmes. We also have Myelin Sheath Repair as well as ATP/DNA Repair that can be used in neurological illnesses.

Parasites: A programme to treat the most common parasites. Parasites contribute up to 75% of all illnesses. Treat yourself on a regular basis with this programme especially in cases of Fibromyalgia, Muscle Pain, Asthma, Endometriosis, Cystic Fibrosis and Bacterial Infections, as well as cancer treatment. Look at our Blog to get a treatment regime for parasites.

Respiratory: A programme to treat the most common causes of respiratory ailments such as Coughing, General Flu, Asthma, Bronchitis, Pneumonia and Tuberculosis. Ascaris is also a parasite usually linked to respiratory problems such as asthma. Get a bacterial and pathogen scan done to detect what is causing your lung problems. Also look at any possible allergies.

Skin Problems: A general programme to treat skin problems such as Psoriasis, Eczema, Boils and Acne. There are also hormonal imbalances and the herpes simplex 1, which usually cause fever blisters. Look at supplemental shortages as well.

Wound Healing: This Programme helps with the Healing of Cuts, Sores and even Scars. A very good programme to use just after an operation. It helps healing the incision marks or keloid scarring, and all other affected areas. We also suggest including the infections main and inflammation general programme, as prevention for any type of infections and inflammations.
